

### **Evolve Adapt Grow**

Modern work spaces need to synergistically combine architecture, floorplan, furnishing and technology. Evo offers the ultimate versatility. Deliberately designed using an engineering approach to ensure simplicity and minimisation of components, Evo represents the best in beam-and-post office furniture solutions. Evo evolves and adapts to suit your specific space requirements, whether you need privacy or a group situation. You set the tone and mood of your environment, with Evo's ingenious ergonomic design geared for streamlining your workflow and optimising your productivity.

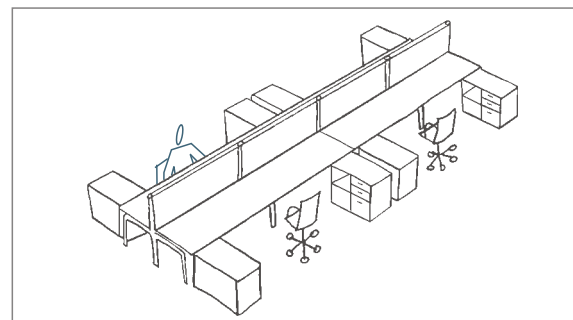

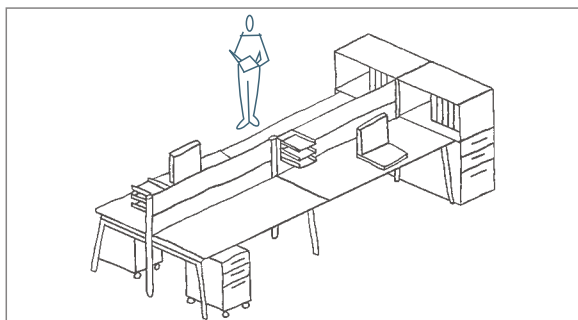

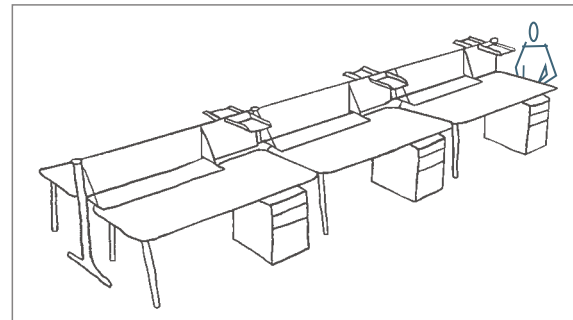

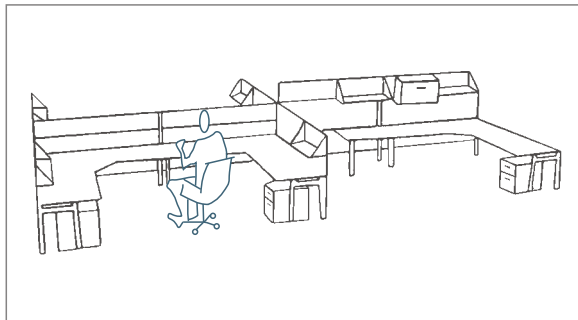

Individual work spaces interconnect to form group clusters without compromising on privacy or personal and work storage areas. Innovative add-on accessories clip, mount and slot in as required, from surface mounted lights to desktop bookends and additional mobile or tethered slimline work surfaces and pedestals.

With Evo you are in charge and in control of the structure of your work space, providing optimal efficiency, functionality, fluidity and mobility. Evo, evolving, adapting and growing with you and your business. Evo, now manufactured by Ukhuni Business Furniture, is a tried and tested solution, as proven by the installation of over 75 000 work stations to date worldwide.
